In difficult times we have to grit our teeth until the bad moment is over. We had a sensational WBC virtual Convention and Lic. Mauricio Sulaiman Saldivar has been confirmed as WBC President for the next 4-year term.

A guarantee for the entire global boxing movement, indeed.  
Before the outbreak of covid-19, the Committee had promoted several championships in only two months, with eighteen more title bouts already regularly sanctioned and scheduled to happen between March, April and May. The virus continues biking many parts of the world and we cannot risk the health of our boxers.

We'll need to make it until the enemy surrenders.

We have been working hard to rekindle engines and restart rocket to ambitious goals as always.

Yoursfriendly Mauro BETTI  
WBC Vice President
